

The **DATS** Learning Management System (LMS) module is an easy-to-use yet powerful online system that delivers any type of course and administers all types of off-line training events.

**DATS** is web-based so it can be accessed from any Internet-connected computer. There is no software to install and set-up takes an average of two days.

**DATS** can provide your company with its own LMS portal imbedded in your website complete with your own and custom user experience – and Live Help is available with the click of a mouse.

**DATS** is built for companies with 10 to 5000 employees.

## **EVERYTHING IS FLEXIBLE. WELCOME TO DATS.**

### **With the DATS LMS module you can:**

- Define and manage custom training requirements.
- Manage users, jobs, areas, and teams.
- Create custom courses and quizzes.
- Deliver any type of training content online.
- Track training compliance and needs.
- Spend less time, improve compliance, and be more effective in your training program.

*“Not only does DATS make it easy to keep track of the training status and renewal needs of each employee, but it actually customizes to all our particular needs as a company and to our employees as individuals.”*

*Joanne Lennerton, FP Innovations*

This is only the beginning of what DATS can do. To learn more, or to have a live web demonstration and look at a company like yours, contact us anytime.

### DATS LMS Fundamentals

#### Track Your Internal Training

Your own training content can be added easily. DATS supports many industry standard media types such as: Documents, PowerPoint, Flash, Videos, the full Articulate suite of products, and more.

#### Track Knowledge and Demonstrated Competencies

Building custom quizzes and adding them to DATS is easy, and they are very presentable.

DATS can keep track of practical competency demonstrations with ease.

#### Track Your Certified Training

The DATS LMS can also track any type of certified training course such as First Aid, Fall Protection, Forklift Operator, TDG, and anything else you need.

#### Role Based Access

Control employee and contractor access to training content.

#### Create Efficiencies and Compliance

Online training with self-grading quizzes and automatically tracked training saves valuable time, and helps to ensure compliance with regulatory and company standards.

Web-based training is time and cost efficient. DATS provides training 24/7 over the Internet.

#### Advanced Reporting

Report by job, training event, person, area, or team. 100% flexible but very easy to use.

You will “feel” how well your training system is operating.

### Supported Content

DATS supports any type of training content.

- Safety
- Quality
- Production
- Environment
- Human Resources
- And More.

If you have training to provide, DATS can provide it and/or track it for you.
