Overview

This privacy notice discloses the privacy practices of Advanced Safety Management Ltd (ASM) on all of our websites.

It will notify you of the following:

- What personally identifiable information is collected from you through the web site, how it is used, and with whom it may be shared.
- What choices are available to you regarding the use of your data.
- The security procedures in place to protect the misuse of your information.
- How you can correct any inaccuracies in the information.

Information Collection, Use, and Sharing

We are the sole owners of the information collected on this site. We only have access to/collect information that you voluntarily give us via email or other direct contact from you. We will not sell or rent this information to anyone.

We will use your information to respond to you, regarding the reason you contacted us. We will not share your information with any third party outside of our organization, other than as necessary to fulfill your request, e.g. to ship an order.

Unless you ask us not to, we may contact you via email in the future to tell you about specials, new products or services, or changes to this privacy policy.

In some instances, customers use our Application Programming Interface (API) to share data stored in DATS with other platforms. We do not monitor or control what a customer chooses to share.

Your Access to and Control Over Information

You may opt out of any future contacts from us at any time. You can do the following at any time by contacting us via the email address or phone number given on our website:

- See what data we have about you, if any.
- Change/correct any data we have about you.
- Have us delete any data we have about you.
- Express any concern you have about our use of your data.

Cookies

This website uses cookies, but only for the purposes of aggregate data, and does not collect individual IP addresses.

Privacy Policy

Security

We take precautions to protect your information. When you submit sensitive information via the website, your information is protected both online and offline.

Wherever we collect sensitive information (such as credit card data), that information is encrypted and transmitted to us in a secure way. You can verify this by looking for a closed lock icon at the bottom of your web browser, or by looking for "https" at the beginning of the address of the web page.

The computers/servers in which we store personally identifiable information are kept in a secure environment.
